

TERMS AND CONDITIONS OF SALE

1. **Terms of Sale.**

- 1.1** These Standard Terms and Conditions ("Terms") govern all sales of products, equipment and services (the "Products") by Rath LLC ("Seller") to Buyer regardless of whether Buyer purchases the Products through the medium of written purchase orders or electronic orders via EDI (collectively, "Purchase Orders"). Upon receipt by Buyer of Seller's express acceptance or order acknowledgment, a binding contract is formed between Buyer and Seller on the terms reflected below (the "Sales Agreement"). In case of a conflict between these Terms and the Purchase Order, these Terms prevail except where Seller has expressly agreed, in writing, to the conflicting term in the Purchase Order in its acceptance or order acknowledgment. Absent such express agreement, Rath hereby rejects any additional or different terms and conditions, in any forms tendered by Buyer or any third party.
- 1.2** Notwithstanding the foregoing, Seller reserves the right to make amendments to drawings and descriptions of the Products, where such amendments are caused by manufacturing considerations or by improvements, experience, any progress in technology or standard industry weight and measure changes related to the Products, provided that such changes are accepted by the Buyer within five days of written notice from Seller. If the Buyer rejects such changes or does not respond to Seller within the time period specified in this Section 1.2, acceptance of the affected Purchase Order shall be revoked.
- 1.3** Buyer shall have sole obligation to obtain all required approvals, permissions, and licenses in order to purchase, import, and use the Products, at its own cost.

2. **Price.**

- 2.1** Price quotations are non-binding and without obligation unless and until a Purchase Order is accepted by Seller. Such quotations, and all information contained therein, are subject to change in Seller's sole discretion unless and until a Purchase Order is accepted by Seller.
- 2.2** Seller may accept or reject a Purchase Order for a period of four weeks after Buyer's submission of such Purchase Order. If the aforementioned four week period expires before Seller accepts such Purchase Order, the Purchase Order shall be deemed rejected.
- 2.3** The price of the Products, as set forth in the Purchase Order, does not include sales, use, excise or any other taxes or assessments levied by any federal, state, municipal or other government authority, which shall be paid by Buyer.

3. **Payment.**

- 3.1** Payment terms will be stated on Seller's Purchase Order acceptance. Payments not received when due shall bear interest at the lower of eighteen percent (18%) per annum or the maximum rate allowed by applicable law whichever is lower. Seller may require payment or adequate assurance of performance from Buyer prior to taking any preparatory steps for performing the Sales Agreement or beginning the manufacture of the Products. Buyer shall execute, at Seller's request, one or more security agreements, financing statements and other documents necessary to secure Seller's interest in the Products and payment therefore.
- 3.2** In addition, Seller, without waiving any other rights or remedies to which it may be entitled, shall have the right to suspend or terminate any or all services and refuse additional Purchase Orders from Buyer until Seller's receipt of all overdue amounts. Seller shall have no liability to Buyer for any such suspension or termination of services or for its refusal of additional Purchase Orders.

- 4. Security Interest.** Buyer hereby grants a security interest in the Collateral (defined below) to Seller to secure the payment and performance of the Obligations listed below. The Collateral shall consist of all now owned and hereafter acquired and wherever located Goods, as defined in Article 9 of the Uniform Commercial Code enacted in Delaware, which are Products acquired by the Buyer from Seller, and all proceeds (cash and non-cash) and products of the foregoing. The Obligations shall consist of: (i) all of Buyer's present and future indebtedness and obligations to Seller (ii) all amounts owed under any modifications, additional advances, renewals, extensions or substitutions of any of the foregoing obligations; (iii) all costs associated with Seller's exercise of its rights hereunder; and (iv) any of the foregoing that may arise after the filing of a petition by or against Buyer under the Bankruptcy Code, even if the obligations do not accrue because of the automatic stay under Bankruptcy Code § 362 or otherwise. Any capitalized term used in this Section 4, and not otherwise defined in these Terms, shall have the meaning given to it in Article 9 of the Delaware Uniform Commercial Code. Buyer agrees to execute and deliver to Seller any and all documents necessary to perfect Seller's security interest, including all financing statements.

- 5. Specifications.** Seller will manufacture the Products in the substantial conformity with its Product specifications. All product and product-related specifications are subject to applicable freight classification, Seller's customary manufacturing processes, and generally accepted industry practices.

- 6. Packaging.** Seller will endeavor to comply with Buyer's packaging specifications, if any, including without limitation, unitizing, palletizing, boxing and bundling, but Seller reserves the right to substitute any other method of packaging that is reasonably comparable to Buyer's specifications, both with respect to costs and to the risk to which the Products are subject. Seller, at its option, may charge additional material, labor, and overhead for non-standard packaging.
